\$1,281 (2016 est.)

Life expectancy:

54 years

Religions:

85% Muslim, 10% indigenous beliefs, 3% Protestant, 2% Catholic

Prayer points

The Fulani

Praise God that a well-known witch doctor, almost dying because of an infection in his jaw, gave his life to Christ and was healed. He is a walking miracle! Now he, his wives and his children and grandchildren are all walking with the Lord and, according to his pastor, they are the strongest believers in his church. Pray for more believers and more such miracles among the Fulani. (AIM International - January 2018)

Ebola

Since February, more than 900 people have died as a result of Ebola in Liberia, Sierra Leone and Guinea, with suspected cases in Nigeria. Tearfund partners are working with churches to improve awareness and understanding of Ebola among their communities and to help prevent the spread of the disease. Pray for the disease to be contained, for the recovery of those already going through treatment, and for the international community to provide additional health expertise swiftly. (Tearfund - September 2014)
